4.2 AStA

Jonathan Wiegers (AStA): First we are going to start a dialogue to change the Brandenburg university law with the minister Manja Schüle. In August 2020 this will start. We want, that students, which are lose in the corona-crisis their jobs and get poor, get more help for their lives. The Minister for Education wants to give the Studentenwerk 500.000 EUR for help. Next we are in discussion about the semesterticket. In this case we started a cooperation between Berlin and Brandenburg. We want in the negotiations, that the semesterticket prices increase. Twice we want, that students can get the 365-Tage-Ticket like Azubis. This are the points which go one in next time.

4.3 VeFa

Nothing to report

4.4 Sonstiges / Other reports

No one wants to report

5. AStA Ausschreibung / Call for AStA Applicants

Sönke: We have three options for chose the AStA-Ausschreibung First the way, that the lists collect their AStA ideas and send them to the Präsidium.

This one would choose the best ideas and show them to the StuPa. The second way is the same as the first, but with the change point, that the Präsidium collect every ideas an present them to the StuPa and last one vote about them. At last we have the opportunity, that we collect an Arbeitskreis which collect the ideas an show the results to StuPa, which votes about them.

Tilman Kolbe (Die Linke.SDS): This is the most important task to do next time. But the StuPa should vote about the ideas from the lists.

Sönke: But it would be easy to give the vote to the Präsidium because it could do an fast voting about that.

Vivien Pejic (Die Linke.SDS): We should start an Pad, where every list can collect their ideas. The Präsidium collect them and the StuPa vote about them.

Jessica Obst (UP.rising): We have the idea, that we start an doodle to find the next time for assembly. And in the time between everyone could collect their ideas.

No one else wants to speak. The proposal is noted with approval.

6. Sonstiges / Other matters

Shubham Mamgain (Gast): Most StuPa law is in German. It is a great problem for the English-speaking students to understand. Is there any possibility?

Vivien: One student I know is in a translation course and works on that. I don't know about the results. We need for everybody the same chances to get everything about the StuPa.

StuPa-Präsidium: We look for the results. The information about that we present at the next meeting.

Tilman: I want to say thank you for all members of the StWA for their work to realize this election in these times.

(Applause)

No one else wants to speak.
