

I want to be part of the Student Parliament - what do I have to do?!

Option one:

Join an existing list - here you will find the lists with contact information currently represented in the StuPa.

Option 2:

Open your own list! You need a total of 3 students of the University of Potsdam and you have to register with the StuWA after the election announcement - you can find the documents on this [website](#) of the student election committee.
